SUMMARY

Innovative and detail-oriented Software Engineer with over 8 years of experience in designing, developing, and maintaining high-quality software solutions. Proficient in a variety of programming languages including Python, Java, and C++, with a strong background in both front end and back end development.

Skilled in cloud computing, database management, and DevOps practices, with a focus on delivering scalable and secure applications.

SKILLS

Programming Languages: Proficient in Python, JavaScript, Java, and C++ for developing robust and scalable applications.

Web Development: Experienced in front-end (HTML, CSS, React) and back-end (Node.js, Django).

Agile Methodologies: Experienced in Agile and Scrum frameworks for effective project management.

SENIOR SOFTWARE ENGINEER

EDUCATION

University of Londonshire, London, UK

Master of Science (MSc) in Software Engineering
September 20XX - July 20XX

Northern University, Manchester, UK

Bachelor of Science (BSc) in Computer Science
September 20XX - June 20XX

WORK EXPERIENCE

Senior Software Engineer

TechInnovate Ltd, London, UK
August 20XX - Present

- Led the development of scalable web applications, improving system performance by 40%.
- Designed and implemented RESTful APIs, enhancing integration capabilities with third-party services.
- Utilised Agile methodologies to manage and deliver software projects on time and within budget.

Software Developer

InnoTech Solutions, Manchester, UK
May 20XX - July 20XX

- Developed and maintained front-end and back-end components of web applications using JavaScript, Python, and Ruby on Rails.
- Implemented automated testing frameworks, improving test coverage and reducing regression issues.
- Optimised database queries and performed database migrations, enhancing application performance.
